

Go to:

<https://www.unacast.com/covid19/social-distancing-scoreboard>

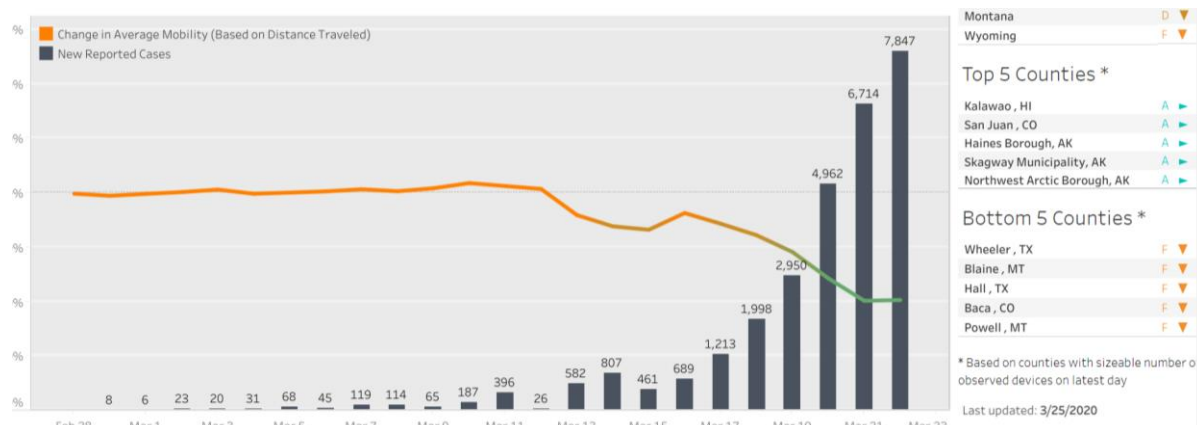

Scroll down until you see picture A (below). If hover your mouse in the red circled region (in picture below), you can search for the specific county in question.

Picture A

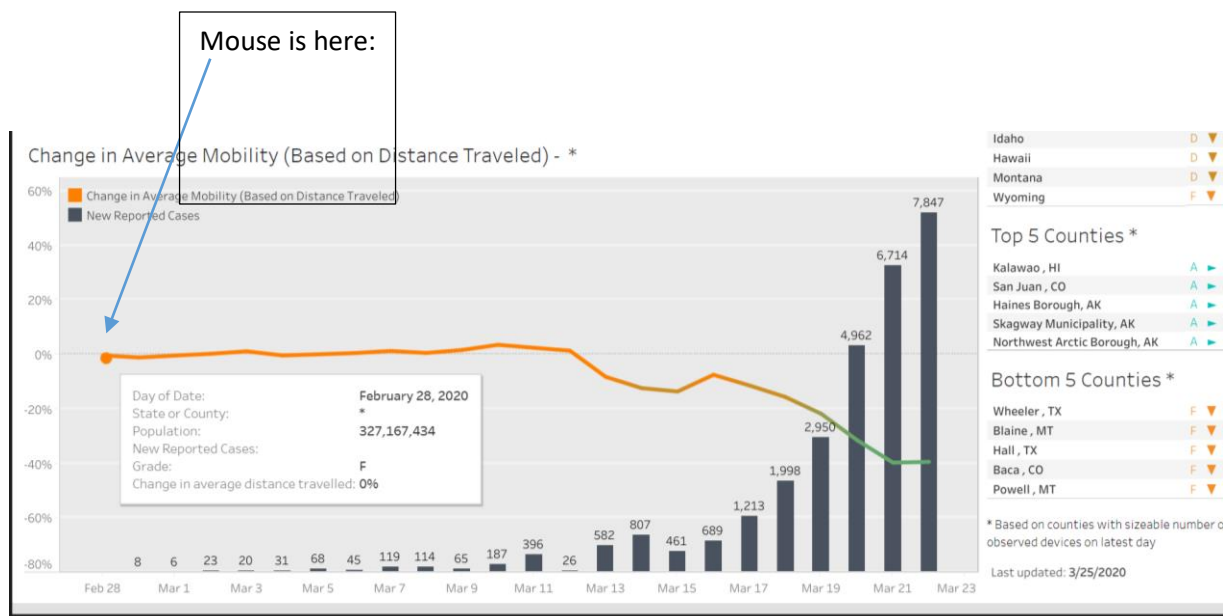

If you scroll down a little further, you can see a graph that looks something like picture B:

Picture B

If you hover over a point on the orange line, it will give you the social mobility score:

Enter the numerical change in distance travelled, (excluding the % sign) for the appropriate date. In the picture above, the correct value to enter for Middlesex county on February 28<sup>th</sup> is "0".

Repeat for other dates by following orange line toward the right.
